The allotment of Rs 10,000/- for expenditure by the Municipal Agency and of the annual grant of a Lakh of rupees for the Bangalore City Improvement is in accordance with the Govt. orders noted on the margin.

2. An objection somewhat similar to the present one having been raised last year, the Govt. declined to reconsider their previous order and requested the Chief Engr. to redistribute the allotments for works to be executed in the City by his Deptt. after setting apart a sum of Rs 10,000/- for expenditure by the Municipal Agency. as directed in para 11 of Govt. Proc. on 11631 dt. 20-6-05.

3. This branch is not aware of the circumstances under which the maximum of the lakh grants fixed in G.O. No. 4706-10 dated the 4th June 1902 is being exceeded when actually providing for works in the P.W.D budget. The Municipal budget shows only a lakh of rupees as grant-in-aid from State Funds

As observed by the Chie
Engineer, there has been some inconsis
in dealing with this grant file no
the order sanctioning the grant
having been issued from the Munic
Branch, the Board have been takin
it as a contribution from State
funds & including it under "Receipt
with a corresponding provision
under the head "Expenditure Special works
the D.P.W have been making allot
-ments in their prov Budget to the extent of one lakh
or even more for works which
they considered necessary, without
reference to the Board or to Govt
in the Municipal Department.
As the grant is evidently a contribu
to the Municipality for works to
be carried out within its limits,
the Municipal Department has
correctly been assuming the functio
of the Financial Department in
retaining in the Municipal Budgets
for 1905-06 & 1906-07 a sum of Rs 10,000,
for expenditure by the Municipal

The question raised in this file is about the allotment of Rs 10,000/ out of the special grant for the current year for expenditure by the Municipality. The linked file refers to the question of the credit to the Municipality of Rs 5,000/, the unspent amount/out of a similar allotment made last year. As the two questions refer to the same grant/~~the same~~ both are considered in this note.

2. In their Order No. 4706-10-27 & 4.6.04 the Government sanctioned an annual grant not exceeding one lakh of rupees for the next five years to be utilized and spent for permanent improvements of the Bangalore City not falling within the legitimate scope of the obligations of the Municipality. Under this order the annual grant ought not to exceed Rs 1,00,000/ for each year. As a matter of fact the grants made on this account in the Bondgets for the 3 years from 1904-5 have been as follows:—

1904-5 = 1,22,000.

1905-6 = 1,20,000

1906-7 = 1,20,000

In asking for allotments for the Bangalore Municipal Works required to be executed

Serial No.

by it, the P. W. Department has ignored the maximum limit imposed by the G.O. × & 4.6.04 and larger grants than admissible have been allowed. The grants during the next two years should therefore be reduced corresponding to the excess allowed in the previous 3 years, so that the aggregate aid in the five years may not be more than Rs 5,00,000 promised by the Government.

3. When the Municipal Budget for 1905-6 was sanctioned, it was directed that Rs 10,000/- out of the Special grant of one lakh should be allotted for expenditure by the Municipality, and the balance placed at the disposal of the P. W. Deptt for expenditure on municipal Works. That the grant actually made in the P. W. Budget on account of the Bangalore city Municipality exceeded a lakh seems to have been overlooked at the time. Out of Rs 10,000 given to it, the Municipality was able to spend only Rs 5,000/- and in his letter No. 422 & 10.5.06 the President resigned the other half and did not ask for its reallotment during the current year. In G.O. No. 12953-4 Ml. 2113 & 20.6.06, the Comptroll

Serial No.

was however asked to credit the Municipality Rs 5,000/- not utilized by it in 1905-6 and he has asked for the Sanction of the Govt. in the Financial Department to the transfer of the amount to the Municipality. The accounts for 1905-6 having been finclosed, the credit can be afforded only in the accounts for the current year; the credit cannot be given before the provision from which the charge against Govt. should be met is pointed out. The only Source from which the charge can be met is the grant of Rs 1,20,000/- made in the P. W. Budget of the current year. Whether spent by itself or on its behalf by the P.W. Dept ~~Municipality~~, the grant has been the Municipality and as the amount of Such grant has exceeded the maximum limit laid down in G.O. No. 4.6.04 it is ~~therefore~~ doubtful if the amount resigned should be credited to the Municipality at all.

4. As in 1905-6, a Sum of Rs 10,000/- out of the Special grant, been allotted for expenditure by the municipal agency in 1906-7 and this amount

Serial No.

also can be made available for expenditure by the Municipality only by reducing the P. W. grant for the current year. As proposed by the Chief Engineer the allotment for the Bangalore City Drainage may be reduced by Rs 10,000 and the amount transferred to the Municipality. The transfer leaves the total grant unaltered and this exceeds the maximum limit laid down in G.O. 4. 6. 04 by Rs 20,000. If it is not feasible to reduce the provision for this year to the level of that allowable under the said order it will have to be left undisturbed and the grants for the next two years reduced, as stated above, corresponding to the excess allowed in the previous years.

5. Grants of this kind made by Govt. in aid of ~~the~~ Sanitary Improvements should be dealt with as P. W. charges and are rightly provided for in the P. W. Budget. The grants cannot be regarded as having been transferred from the Municipal to the P. W. Budget as no such transfer is possible. The arrangement directed in para 14(b) of G.O. dated 18/7/1906 is otherwise to the

Serial No.

technecal objection pointed by the Chief Engineer. The Municipality is not credited with the grant in aid in the Govt. accounts to transfer it for expenditure by the P. W. Department but the Works themselves are executed by the P. W. Deptt. and presented to the Municipal and the charges are therefore treated in the Govt. accounts as those of P. W. Deptt. If considered necessary, there is no objection to show on both sides of the Municipal Budgets and accounts the money Value of the aid received from the Government. The portion of the grant given for expenditure by the Municipal Agency has to be treated as a contribution to the Municipality in the Civil Budget and provided for accordingly Subs. to Secy

Serial No.

The Govt have expressed their intention of sanctioning an annual grant not exceeding 1 Lakh of rupees for a period of five years for permanent improvements in the Bangalore City. (The actual grants for the last 3 years have slightly exceeded this limit)

Now, it is for Govt, when actually ~~sanctioning~~ the grant every year, to say how much of it should be spent by the P.W. Dept & included in its Estimates & how much by the Municipality & included in the Municipal budget. Till such definite apportionment is made it seems inexpedient to permit either Dept to appropriate the whole of the grant to the exclusion of the other.

The procedure hereafter may be as follows: When the provisional Public Works Budget is received & considered in the Financial Branch, the Latter will consult the Municipal Branch as to how much of the 1 Lakh will be required for expenditure by the Bangalore City Municipality & then (under orders of Govt) distribute the

Let the sanction be noted below

26/2

I The grant of Rs 3000/- sanctione in G. O. No. 6233-67 Mil (14-02)-7 dated the 23 Jan: 1903 was utilized as follows:-

	Works	Amou
(a)	Subsidy of clothing to guards watching the convicts em- ployed in filling the foot trench	30
(b)	Do Overcoats do do	44
(c)	Cost of supervising the Convict Labour - -	1000
(d)	Removal of Lantana in Chamarajendra pete	158
(e)	Constructing a Combined storm water and sewer drain in Kemanamungundi Road -	196
	Total	Rs 820

The excess of Rs 200/- was ordered to be met from Municipal Funds.

II The grant of Rs 10,000/- for 1905-06

Serial No.

1905-06 was spent as follows:-

Works	Amount
1) Opening out a Conservancy lane in Subramanya's gulli, 20th Div.	631
2) do E.F. do	126
3) do G.H. do	728
4) do between Narayana Pillamma's gulli and Ganiga Pillamma's gully	1225
Total Rs	4245

N.B.

As the full amount was not utilized during that year the sum of Rs 5000 required by the President was ordered to be placed at his disposal for expenditure during 1906-07. That order has however not been given effect to, & the matter is being dealt with in the Gb. Branch

III The grant of Rs 10,000/- for 1906-07 utilized on:-

1) Opening out a Conservancy lane between

2-7 File No. 373 of 1906

Serial No.

In the statement of works which are proposed to be carried out in 1906-07 from the special grant of 10,000 Rs, the item of " buildings original " does not appear to be an item that ought properly to be met from the special grant. It is also seen that in previous years the special grant has been utilised for ordinary works that should have been carried out from the funds of the Municipality. In the circumstances the Governmen do not think it necessary to place any portio of the special grant at the disposal of the Municipality. At the same time to carry out special sanitary works by municipal agency - such as filling the Fort ditch, and other works that may be approved by Government - the Government will be prepared to make reasonable grants in addition to the special grant of 1 lakh

The special grant of 1 lakh will, in future, be placed at the disposal of the P.W.D. for expenditure on special sanitary works in the Bangalore City and the Public Works Department should see that the appropriation for special works in the Bangalore city does not exceed this amount.
